

AUSTRALIAN PRICES NETWORK

The Australian Prices Network (APN) provides the official Australian oncourse bookmakers' prices between racecourses. The LiveOddsTV APN service provides this data for the first time to offcourse punters. The "Opening" price is the first official market; "Top Fluc" is the highest price bet; and current "Bookie Now" price is displayed next to the TAB approximate dividends.

Bookmakers bet to set fixed odds prices and the change between each is called a "roll", which approximates 1% of market.

To compare market percentages the TAB Win market is approximately 118%
